ORCA TORCH

BORN TO CONQUER

www.orcatorch.com

Introduction

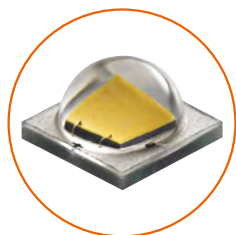

OrcaTorch was founded by a group of passionate flashlight enthusiasts and technology geeks in 2014. The founder Carson Weng, is an outdoor enthusiast who has more than 10 years experience in the manufacture of high-end flashlights. When he was diving in Thailand for the first time in 2013, he found that divers were using low quality dive lights which lacked innovation and usually did not work in the critical moments. He decided to use his talent in the flashlight industry and created a high quality and innovative dive light brand and named it as OrcaTorch.

Orca, is a kind of whale that is fearless in challenging everything, free and unconstrained to parade all over the sea as it pleases. They conquer all the difficulties with team spirit and wisdom. They are the overlords of the sea and the best symbol of underwater adventure spirit.

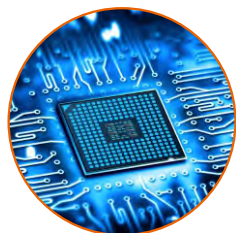

Named after and inheriting the excellent characteristics of the Orca, which combine with advanced technology, OrcaTorch has developed a series of dive lights and underwater video lights that features high brightness, long runtime, long beam distance, significant waterproofness, high impact resistance, convenient operation, etc. OrcaTorch advocates the spirit of "follow your heart and just do it" , we would love to explore the wonders of the world, feel the excitement of challenge and enjoy the freedom of life together with all underwater adventurers.

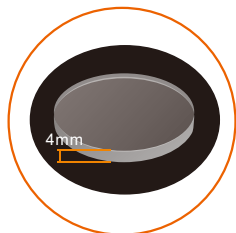

Product Advantages

CREE LED, Environmentally friendly, long lifetime and durable 50000 hours lifespan, 10 times luminous efficiency as the normal LEDs.

High efficiency constant current circuit instead of PWM circuit
Constant brightness without flicker.

Two sides coated toughened glass with high water pressure resistance.
Water pressure resistant construction, depth rated to 150 meters.

Alloy aluminum reflector with professional optical analysis.

Manufacturing process

OrcaTorch lights use aircraft-grade aluminum AL-6061-T6 with light weight and high strength. All lights adopt premium Type III military hard-anodized finish which is better anti-abrasive than normal anodization and performs well in extreme environment. We also upgrade the finish of diving light to latest diamond grade seawater-corrosion-resistance hard anodized finish which is thicker and denser than normal Premium Type III military hard anodization, making the light surface as tough as diamond to protect the light from seawater corrosion.

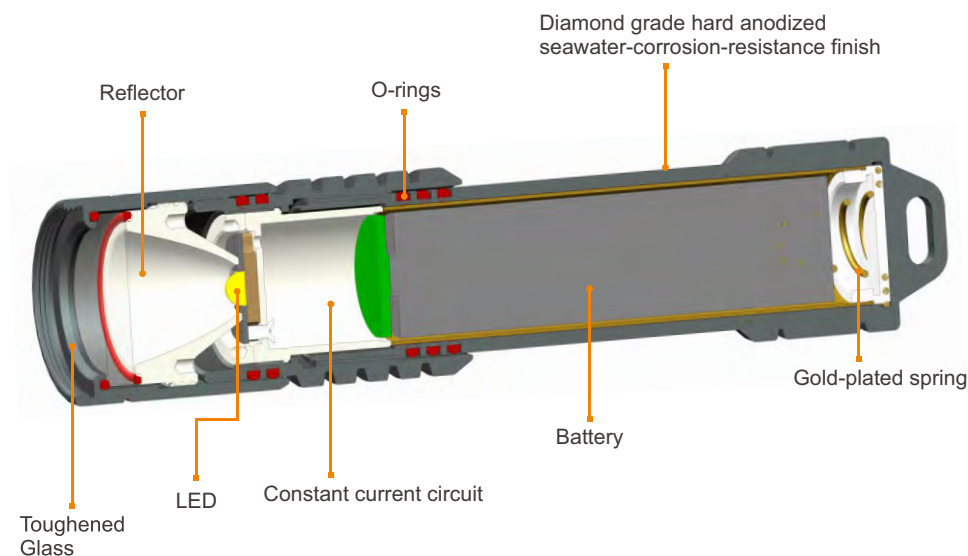

Testing standard

OrcaTorch's stated data has been measured according to the international flashlight test standards (ANSI/NEMA FL1) under laboratory conditions.

Warranty

We will replace products afflicted with manufacturing defects within 30 days of purchase and repair a light free of charge within 12 months of purchase if problems develop under normal use.

If you register your OrcaTorch products through our official website www.orcatorch.com, you will get extra 12 months and totally 2 years warranty.

D640 Max 1500 lumens

- ◆ Focus Canister Dive Light
- ◆ 360° Head Rotating
- ◆ 10° - 60° Beam Angle Adjustable

D700 Max 1800 lumens

- ◆ Uses 1*21700 5000mAh Li-ion rechargeable battery
- ◆ 6° super focus beam angle
- ◆ Mechanically head rotary switch offers high-reliability underwater

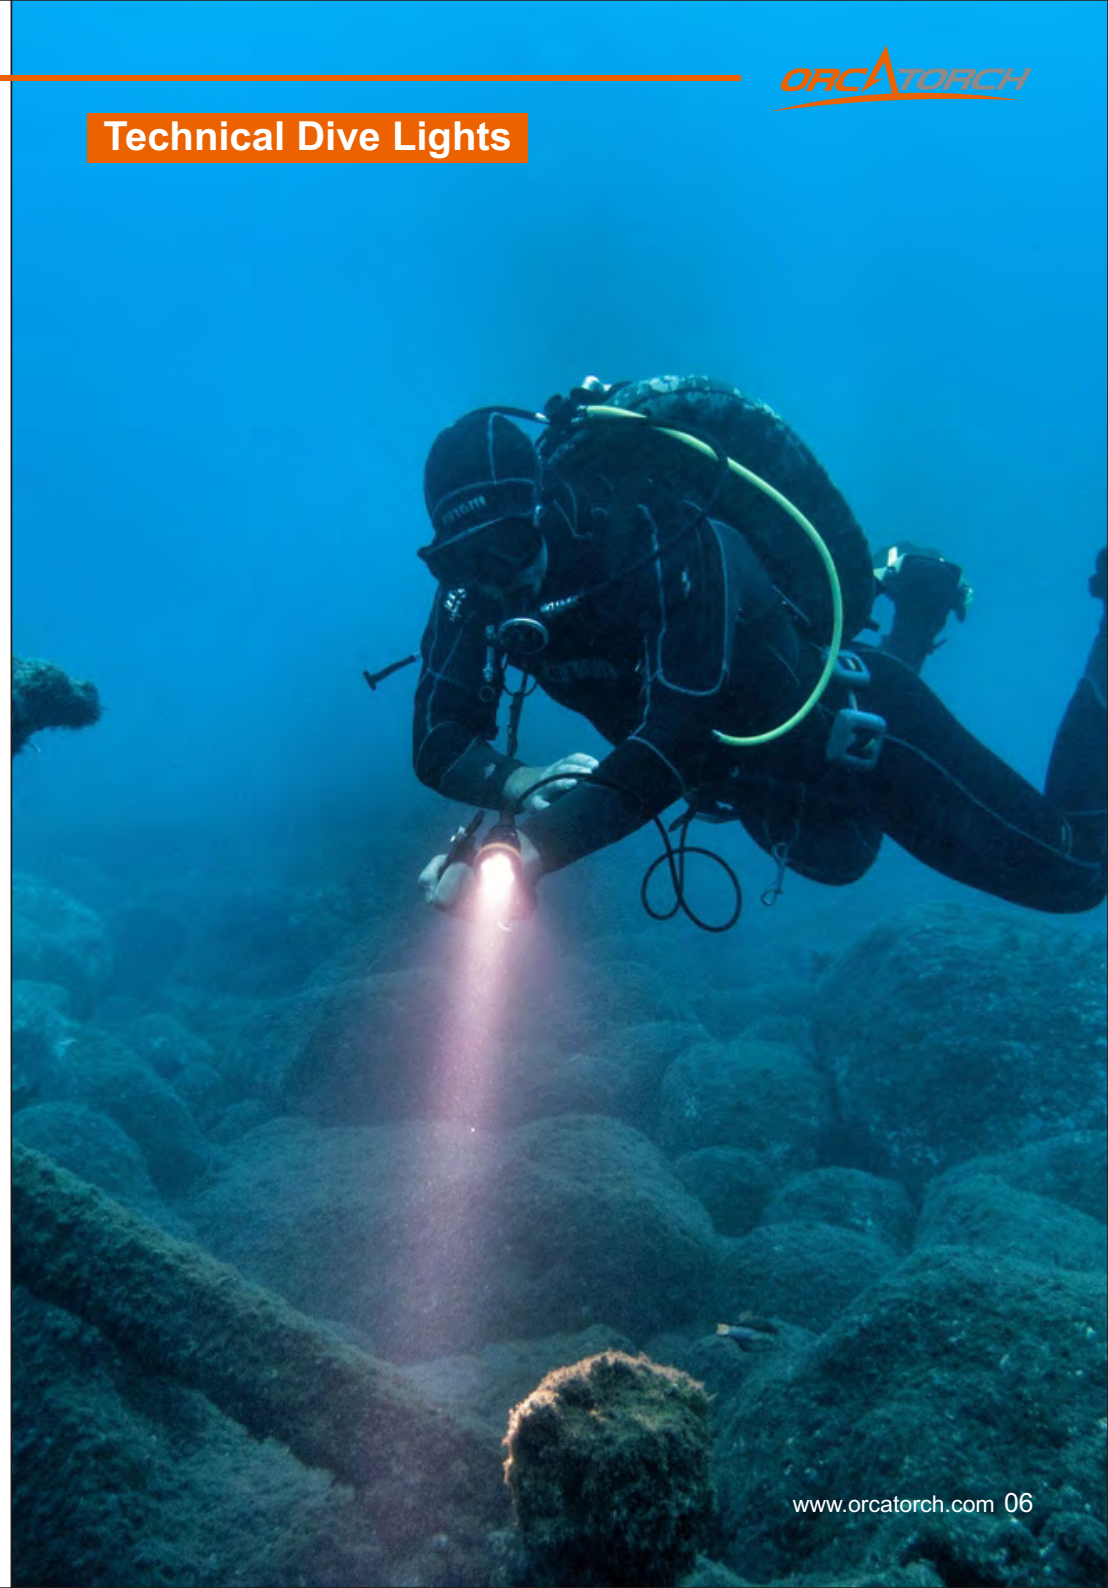

D710 Max 3000 lumens

- ◆ Uses 1*21700 5000mAh Li-ion rechargeable battery
- ◆ 6° super focus beam angle
- ◆ Easy operation with side titanium alloy button switch

Technical Dive Lights

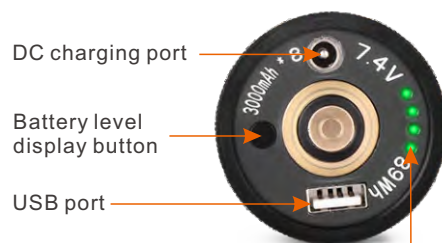

D630 Max 4000 lumens

90° ~180° Angle Adjustable Cable

Main Features:

- ◆ 5* CREE LEDs, max 4000 lumens
- ◆ 90°~180° angle adjustable cable
- ◆ Suitable for both back mount and side mount diving
- ◆ 7° super focus beam
- ◆ LED indicator offers an instant update of battery status
- ◆ 89Wh rechargeable large capacity battery
- ◆ 5 hours long runtime at brightest mode
- ◆ Battery can be used as a power bank
- ◆ Battery charging indicator displays the charging status

DC charging port

Battery level display button

USB port

Large Capacity Battery Pack

ANSI/NEMA FL1	High	Middle	Low
Output	4000 Lumens	1500 Lumens	460 Lumens
Runtime	5h	7h 26min	23h 50min
Beam Distance	514m (On land)		
Intensity	66080 cd		
Charging time	4h		
Dimension	Canister: 209mm(Length) x 59mm(Diameter) Torch: 96mm(Length) x 60mm(Diameter)		
Net weight	1.37Kg(Including battery pack)		
Weight in water	0.6Kg (Including battery pack)		
Accessories	Rechargeable battery pack, Goodman handle, Spare Spare O-rings, Charger		

Color Teperature 6000K

D620 Max 2700 lumens

90° Rotary Lockable Switch

Main Features:

- ◆ Cree LED, 2700 lumens output
- ◆ Uses four 18650 Li-ion batteries
- ◆ 90° rotary lockable switch offers easy and reliable operation
- ◆ Easy-pack adjustable rotary goodman handle

D620

D620V

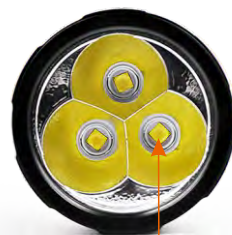

OrcaTorch D620V is specially designed for underwater photography, 120 degrees super wide beam angle with no hot spot.

ANSI/NEMA FL1	High	Middle	Low
Output	2700 Lumens	800 Lumens	150 Lumens
Runtime	2h30min	8h50min	37h
Beam Distance	260m (On land)		
Intensity	16870 cd		
Dimension	Light head: 83mm(Length) x 50mm(Diameter) Canister: 113mm(Length)x54mm(Diameter)		
Net weight	681g(excluding battery)		
Accessories	Four 18650 batteries, charger, handle, Spare O-rings		

Color Teperature 6000K

D860 Max 4200 lumens

Three high power CREE LED Max 4200 lumens

Main Features:

- ◆ 3* CREE high power LED, max 4200 lumens
- ◆ Direct charging system with a short charging time of 3.5 hours
- ◆ Replaceable INR battery pack
- ◆ Titanium alloy tail button switch, easy operation
- ◆ Safe lock function avoids misoperation
- ◆ Specially designed handle, easy to carry and assemble
- ◆ Battery indicator

Battery indicator

DC charging port

ANSI/NEMA FL1	High	Middle	Low
Output	4200 Lumens	1500 Lumens	500 Lumens
Runtime	1h	4h30min	14h
Beam Distance	310m (On land)		
Intensity	24000 cd		
Charging time	3.5 hours		
Dimension	189mm(Length) x 51mm(Diameter) x 64mm(Head)		
Net weight	773g		
Weight in water	345g		
Accessories	Battery pack, home charger, lanyard, Spare O-rings		

Color Temperature 6000K

D850 Max 2500 lumens

6° Super Focus Beam Angle

Main Features:

- ◆ 5* CREE high power LED, max 2500 lumens
- ◆ Uses 2*26650 li-ion rechargeable batteries
- ◆ Super focus optical design provides 6 degrees beam angle
- ◆ Titanium alloy side button switch, anti-corrosion and stable
- ◆ Safe lock function, prevents accidental operation
- ◆ Battery indicator

Goodman handle (Optional accessory)

ANSI/NEMA FL1	High	Middle	Low
Output	2500 Lumens	1050 Lumens	300 Lumens
Runtime	3h30min	5h	13h30min
Beam Distance	464m (On land)		
Intensity	53900 cd		
Dimension	228mm(Length) x 34mm(Diameter) x 60mm(Head)		
Net weight	453g(excluding battery)		
Weight in water	355g(excluding battery)		
Accessories	2*26650 batteries, charger, lanyard, Spare O-rings		

Color Temperature 6000K

D800 Max 2100 lumens

- Main Features:**
- ◆ 3* Cree LED, 2100 lumens output
 - ◆ Uses 2* 26650 batteries
 - ◆ Mechanical tail rotary switch offers high reliability underwater
 - ◆ Aircraft-grade high strength aluminum material
 - ◆ Over-discharge protection function

3* Cree LED, 2100 lumens output

ANSI/NEMA FL1	Mode
Output	2100 Lumens
Runtime	3h20min
Beam Distance	336m (On land)
Intensity	28270cd
Dimension	222mm(Length) x 34mm(Diameter) x 66mm(Head)
Net weight	462g (excluding battery)
Accessories	2*26650 batteries, charger, Spare O-ring, lanyard

Color Teperature 6000K

Recreational Dive Lights

D530 Max 1300 lumens

Main Features:

- ◆ CREE LED, max 1300 lumens
- ◆ Uses 1*18650 Li-ion rechargeable battery
- ◆ 8° super focus beam angle
- ◆ Easy operation with side titanium alloy button switch
- ◆ Battery indicator

Powered by One 18650 USB Battery

ANSI/NEMA FL1	High	Low
Output	1300 Lumens	380 Lumens
Runtime	1h25min	4h30min
Beam Distance	291(on land)	
Intensity	21164 cd	
Dimension	142mm(Length) x 25.5mm(Diameter) x 35.5mm(Head)	
Net weight	136g (Excluding Battery)	
Accessories	One USB Rechargeable 18650 Li-ion battery, Micro USB Cable, Lanyard, Spare O-rings	

Color Teperature 6000K

D550 Max 1000 lumens

Main Features:

- ◆ Cree LED, 1000 lumens output
- ◆ Uses one 18650 battery
- ◆ Magnetic controlled tail switch offers high waterproofness and easy operation underwater
- ◆ Standard included wrist strap fastens the flashlight to the back of your hand

ANSI/NEMA FL1	High	Low	Strobe
Output	1000 Lumens	367 Lumens	1000 Lumens
Runtime	2h5min	5h45min	/
Beam Distance	253m (On land)		
Intensity	16000cd		
Dimension	146mm(Length) x 25.4mm(Diameter) x 40mm(Head)		
Net weight	183g (excluding battery)		
Accessories	18650 battery, charger, Wrist strap, Spare O-ring, lanyard		

Color Teperature 5000K

D520 Max 1000 lumens

color: ■ ■ ■ ■

Main Features:

- ◆ Cree LED, max 1000 lumens output
- ◆ Uses 1*18650/2*CR123A/2*16340 battery
- ◆ Mechanical head rotary switch offers high reliability underwater

ANSI/NEMA FL1	Mode
Output	1000 lumens
Runtime	2h
Beam Distance	250m (On land)
Intensity	14300cd
